Modern Healthcare

Best Places to Work™

2023

Chartis, a comprehensive healthcare advisory firm, today announced it has again been named to the Modern Healthcare "Best Places to Work in Healthcare" list. This is the eighth year that Chartis has participated in the Best Places to Work program and the eighth year the firm has been named to this list.

"We're excited to be recognized as a best place to work in healthcare," said Shannon Brownell, Chief Talent Officer at Chartis. "We are united in our belief that healthcare can work better—a belief that drives our commitment to our clients, our communities, and each other."

Modern Healthcare partnered with the Workforce Research Group on the assessment process, which includes an extensive employee survey. While this program has evolved over the years, its mission remains the same: recognizing workplaces that empower employees to provide patients and customers the best possible care, products, and services.

Earlier this year, Chartis also was named to Vault's annual "Best Places to Work" list, earning a place on the Best Boutique Consulting Firms and Top 50 Consulting Firms lists.
