

Modern Healthcare Names The Chartis Group Among the Top 20 Employers in Healthcare

“Best Places to Work in Healthcare” program recognizes outstanding employers in the healthcare industry on a national level

Chicago, IL, October 20, 2015 – The Chartis Group, a national advisory firm dedicated to the healthcare industry, has been selected as one of Modern Healthcare’s Top 20 (#17) “Best Places to Work in Healthcare” for 2015.

This annual award recognizes companies throughout the healthcare industry that empower their employees to provide patients and customers with the best possible care, products and services. Results are solely based on employee responses to an employee engagement and satisfaction survey.

Beyond the great talent of our people, we have been privileged to work with remarkable client leaders, many of whom are on this list, who are elevating the health of their communities every day.”
